

S. Sgt. Billy Mullins returned to his home in Elba last week after completing his overseas assignment. He has already been discharged and his many friends are glad to have him at home again.

Lamar Brunson, Phm., 1st class, U. S. N. R., has just returned from the Pacific area, where he has been serving for three years, and is spending a short leave at a hospital in Cherbourg, France, waiting for a hospital ship to bring him home. The ship was supposed to leave October 8 but later the sailing was postponed to October 20 on account of delays caused by strikes back in the States.

Sgt. Willis states that the hospital is nice and they have shows, ball games and other amusements. German prisoners do all the work. He hopes to be home by Thanksgiving and asks his brother to pick out some good places for squirrel hunting. He is anxious to get back to his home.

SCHOOL  
LESSON

**Lesson for November 11**  
Lesson subjects and Scripture texts as located and copyrighted by International Bible Society, used by permission.

**THE FRUITS OF PUBLIC WORSHIP**  
LESSON TEXT—Isaiah 61:8; Ephesians 5:19-20  
GOLDEN TEXT—Praise ye the Lord. I will praise the Lord with my whole heart, in the assembly of the upright, and in the congregation.—Psalm 111:1

The center of every community should be the church. The house set aside for the worship of God is the gathering place of His people. There they find fellowship as they meet their Lord. He is in their midst exalted and mighty, but ready to enter every humble and contrite heart.

Our lesson shows us how the worship of God brings blessed results as His people meet.  
I. Recognizing God's Presence (Isa. 61:8)  
King Uziah, who had begun well but had forgotten God, was at the end of his life a leper because of his sin and dying in disgrace. Israel which had known unprecedented prosperity under God's blessing now hardened its heart nationally against God and was about to go into eclipse. God needed a man to speak for Him in such an hour, to bring to His people a message of judgment and also of blessed invitation. To prepare that man, the great Isaiah, God gave a remarkable manifestation of His glory and power.

It is essential that the man who speaks for God should first see the Lord high and lifted up and to hear of His holiness and glory. The negative tone of the present-day message, the lack of enthusiasm and interest in holy things, the low standards of personal holiness, the failure to preach boldly the truth regarding God's holy standards are to be explained by the fact that there has been no vision of the eternal holiness and glory of God.

II. Renewing by God's Power (Eph. 5:19-20)  
To see the holiness of God is to be immediately conscious of one's own sin and unworthiness. The obvious conclusion which one draws from that fact is that anyone who is proud, who is not concerned about his own sins and the sins of his people, is living far from God and has either never known or has forgotten about His divine holiness.

Isaiah spoke of the pollution of his lips, thereby confessing that his heart was not right. Whereof the heart is full, thereof speaketh the mouth, for we read that "out of the abundance of the heart the mouth speaketh" (Matt. 12:34). Remember that even though Isaiah was a believer he recognized the need of cleansing.

"Then" (v. 6)—what an important word! When Isaiah called out in humble confession, "then" he was cleansed. The turning point is right at that place for any life. Only when we come to the place of confession and contrition which Isaiah knew, can we expect the Lord to send the cleansing fire and the enabling power.

Reformation, turning over to a new life, character development, are not commendable in their place, are not sufficient. There must be a divine cleansing of the life if there is to be a commission to service.

III. Realizing God's Will (Eph. 5:15-17)  
The ministry of the Church of God can serve no greater purpose than helping men and women to know the will of God. That wisdom (v. 17) comes through the teaching of God's Word and through the ministry of the Holy Spirit, both in the church and in the individual.

The Church (and that means every member) is to recognize that the evil day in which we live is a challenge to holy and effective living. Time is not to be wasted, or casually used. It is to be redeemed every moment to count for God.

The walk of the believer is to be circumspect, that is, with "pains-taking attention to details, under a sense of their importance," not a foolish walk, but a wise one.

IV. Receiving God's Spirit (Eph. 5:18)  
God wishes to all His children who have the Holy Spirit in such mighty overwhelming power that they are entirely under His control. Such Spirit-filled believers find their joy and satisfaction in the fellowship of those who sing the praises of God from the heart.

Being a Christian is not a depressing, sorrowful business. It makes you glad. It is God's people singing and making melody. Some of us who have failed to appreciate this truth should begin now to "get happy" about our religion.

The Holy Spirit leads believers into a life of humility and self-denial (v. 21). Pride and self-exaltation are definitely ruled out.

Do not neglect the note of thanksgiving found in verse 20. The Church of Christ has so infinitely much for which to be thankful that actually ingratitude is a sin. How much blessing is lost because of it! Let us "give thanks always for all things."

Farm  
News

**PEANUTS**  
Mr. Charlie Dozier went to Washington, D. C., to the National Peanut meeting held Oct. 15. The shelling, oil men, candy manufacturers and farmers were in conference with government officials on what the peanut program for 1946 should be. Mr. Dozier represented the farmers of Coffee County.

The Government has used about 45 per cent of the peanuts grown and the remainder was used by shellers and oil men. This was handled through the Commodity Credit Corporation. In 1946 it is anticipated that the government requirements will be much less. This will create a marketing problem for 1946 if the present acreage and production remain the same.

**NATIONAL PEANUT COUNCIL** The final summary of Coffee County farmers cooperating with this program: 481 farmers, covering 4,192 acres of Spanish and 18,473 acres of runners, a total of 22,665 acres.

**SCREW WORMS**  
With screw worms, one ounce of prevention is worth more than a pound of cure. It is very important that every animal be seen at least three times a week and observed carefully for the bloodstained liquid oozing from a wound which is the symptom of screw worm infestation.

The infestation of screw worms in Coffee County is heavy and we can anticipate that our infestation will get worse for the next 30 days. So we must check our livestock to prevent losses.

Entomologist of the Department of Agriculture recommends "Formula" or "Smead No. 62." This smear is the best remedy known for protecting wounded animals and also for killing the worms in infested animals. It should be applied twice a week to any wound, no matter how small, to protect from infestation and to kill the larva in infested wounds.

**PUREBRED HOGS**  
The delivery of four purebred Duroc males and one gilt to Monroe Myard, Lem Hornsby, Elihu Johnson, Comer Criswell and C. W. Wilkes last week brings the total to 49 purebred projects started since January, 1945, states C. E. Peacock, assistant county agent. Two new strains of Durocs have been introduced into Coffee County from the herds of E. L. Turner, Laverne, and Miss Marie Donnell, Daleville.

If you are interested in seeing a fine herd of purebred hogs, visit Wilson Robertson's farm on Damascus and Enterprise road.

The Elba Chamber of Commerce had requested Congressman Andrews to press for approval of this work after a recent survey by the Army Engineers as to the condition of the levees at Elba.

Colonel Mark M. Boatner, Jr., District Engineer of the Mobile Office, also has advised Congressman Andrews that a second survey is now under way and a subsequent report will be made on the action expected by the War Department.
